

# STEFANI WEEKLY

Go Team Stefani!!!

Oct. 23, 2020

Remember to check our website for important dates and my blog!

## Reading:

In reading we worked on Unit 2 Week 1 of the reading series. We read books about community helpers. We worked on making and confirming predictions as we read throughout the story. We also practiced short e words. We learned how “e” and “ea” both make the short e sound. Please make sure you review these short e sounds at home! Also make sure your child knows the difference between short vowel sounds and long vowel sounds (long vowels say their own name).

In writing we worked on informational writing. We wrote about different community helpers and their jobs. We practiced using transition words in our writing (first, next, last).

We practiced reading the following high frequency words. Review reading these words at home: again, help, new, there, use, when.

## Teacher’s Corner:

Friday, October 30<sup>th</sup> is a half day. The AM class will still report to school in person, with dismissal at the regular time of 11:00am. The PM class will still report to online class in the morning for attendance and asynchronous activities.

Raz-Kids is ready to go! See the attached page for Raz-Kids information 😊

Please make sure math homework is sent back in your child’s Daily Folder for me to check. Please check your child’s folder every day to see their behavior for the day and to remove all work that has come home for that day!

Halloween is coming! We are unable to have a classroom party with volunteers and we are not passing out treats. However, we will still celebrate! Students can wear their costumes to school, but they still need to wear their mask! The AM class will wear costumes on Friday, October 30<sup>th</sup>, the PM class will wear costumes on Thursday, October 29<sup>th</sup>! We will still have fun celebrations in class and make some fun crafts!

## Math:

This week we continued working on the addition strategy of counting on. **Next week we will be back to our regular homework schedule where your child will have math homework from their math homework workbook Monday – Thursday!**

## Next Week’s Word Study
