

# STEFANI WEEKLY

Go Team Stefani!!!

Nov. 11, 2020

Remember to check our website for important dates and my blog!

## Reading:

In reading we began Unit 2 Week 3. We read non-fiction text about animals and how they live together. We practiced finding the main idea and 3 details. The main idea is what the selection is mostly about. The key details give specific information about the main idea. Practice asking your child about the main idea and key details when reading non-fiction text!

We practiced reading the following high frequency words. Review reading these words at home: eat, no, of, under, who, think.

## Math:

This week we wrapped up Unit 2 with our test and began Unit 3.

## Teacher's Corner:

I am sending home the newsletter early this week since I am sending home your child's Friday Folder. Please use this Friday Folder as a safe place to keep your child's work packets for the upcoming weeks.

**Please read the Back to Remote page in this Friday Folder for detailed information BEFORE you go through any of the packets in this Friday Folder.**

I also attached a QR code to this newsletter. If you're looking for an easier way to login to ClassLink, your child can now open ClassLink > click the QR icon > and scan the code to login. He/she can still type in the login information as well. This QR code is just another option if that works better for you!

I sent home your child's pencil boxes so they can keep them at home and have the tools they need at home. Please keep them organized and ready to bring back to school for when we return.

We are expected to stay remote through Thanksgiving. The district will be in touch with return dates.

I look forward to speaking to everyone at conferences tonight and tomorrow!

I will start posting the weekly newsletter on our Schoology page while we are remote. You will have constant access to it and will be able to see the sight words for the week!

## Next Week's Word Study

### Sight Words:

1. all
2. call
3. day
4. want
5. sing
6. her

### Word Family:

7. fish
