

Go Team Stefani!!!

STEFANI WEEKLY

March 19, 2021

Remember to check our website for important dates and my blog!

Reading/Writing:

In reading we completed Unit 4 Week 5. We read non-fiction texts about how animals help people. We learned about compound words and we also learned about sequencing. Sequencing the events in the story helps with retellings and summaries.

In writing we continued practicing opinion writing. **Please reinforce correct letter formation at home.**

Math:

This week we continued to work on graphing. We learned about how to record data and analyze it. We focus a lot on the words "more" and "fewer". When comparing data on a graph, we practice subtracting the data. Work on subtraction facts at home!! We also practice circling the 2 items in the question that we are comparing to help know which two numbers we need for the subtraction sentence.

Teacher's Corner:

We had a great first week back! We worked hard with listening and following directions!

At this time, first grade is not having snack in the classroom. With our lunch period being at the same time in the past, the length of time to lunch is the same as when students were here for half the day. First grade will start with this and will make modifications if necessary.

Next week is another 4-day in-person week with students being remote on Wednesday. This is our last remote Wednesday. The following Wednesday, March 30th will be an in-person day.

Station work that we complete in school will now be coming home in your child's Friday Folder. Please make sure to review it and have your child correct any mistakes. If some papers are marked "Correct and Return", please correct and return them to me early in the following week!

Next Week's Word Study

Sight Words:

1. four
2. large
3. only
4. put
5. round
6. trouble

Word Family:

7. arm
8. art
