

Go Team Stefani!!!

STEFANI WEEKLY

April 16, 2021

Remember to check our website for important dates and my blog!

Reading:

In reading we completed Unit 5 Week 2. We learned about fantasies. We focused a lot on -ir, -er, and -ur words. Please make sure you are still working through blends (if needed), digraphs, and vowel teams at home!

In writing learned about a new prefix. We learned the prefix: un- and how it means "not". So far we have learned re- (means again) and un-. Review these with your child and look for words with prefixes as you read! We practiced more with contractions and syllables. We also learned about homophones!

Teacher's Corner:

Please make sure your child is reading to you every day!! Practice decoding words and reading with fluency. Mastering the blends, digraphs, and vowel teams will make decoding words much easier for your child! Reading with fluency is not reading as fast as possible. Reading with fluency is to read at the speed in which you would have a conversation, being sure to pause at appropriate punctuation. Having your child reread stories is a great way to build fluency. Reading to your child is a great way to model fluency and expression!

Next week we are back to in-person learning! Please make sure to return the iPads and chargers to school on Monday so your child can use them for stations 😊

Remember, this Wednesday, April 21st is a Remote Wednesday.

Math:

This week we learned about plane shapes (2D shapes). Plane shapes have defining attributes (sides, corners/vertices, and are a closed figure). Defining attributes are the characteristics a shape **must** have. Given a plane shape, your child needs to be able to identify the shape and distinguish how many sides and corners/vertices it has.

Next Week's Word Study

Sight Words:

1. began
2. better
3. learn
4. right
5. sure
6. idea

Word Family:

7. born
8. core
9. corn
10. more
11. roar
12. soar

Challenge Words:
curious, improve, imagine
