# STEFANI WEEKLY

April 23, 2021

Remember to check our website for important dates and my blog!

## Reading:

In reading we completed Unit 5 Week 3. We focused on asking and answering questions. We learned about and read biographies. Check out some of the biography books on Epic!! There are many to choose from.

In writing we practiced some opinion writing. Please reinforce writing at home! Getting a fun/fancy journal is a great way to get your child to write. If they have a special notebook to write in, it makes it more fun for them! We learned about the prefix "pre-" this week, along with different verb tenses.

## Math:

This week we reviewed geometry. We learned about solid shapes and how they differ from plane shapes. We also began working with measurement. Make sure your child is able to identify all plane (circle, rhombus, trapezoid, square, rectangle, triangle, pentagon, hexagon, octagon) and solid shapes (cube, rectangular prism, square pyramid, cone, sphere, cylinder)!

## Teacher's Corner:

Monday we had our virtual field trip with The Turtle Hospital! The class absolutely LOVED it and really enjoyed seeing live sea turtles. They were able to ask questions and learn even more about sea turtles. We voted to adopt Montel! Poor Montel was hit by a boat and bit by a shark while he was tangled in a fishing net. He also had to have an eye removed due to tumors. Thank you so much if you were able to send in \$1 to adopt Montel!! I will be sure to share our adoption certificate once we receive it in the mail soon!

Please make sure you are working on word study words with your child at home. The words below, and through the end of the year, definitely get a little bit harder than what we're used to! Keep on practicing!

I made a reading group schedule for Remote Wednesdays. I think this will make it much easier for you to know what time I will be calling your child so they don't miss their reading group 😊. The schedule will be on the Remote Wednesday Reading packet that comes home each week on Tuesday.
