

Go Team Stefani!!!

STEFANI WEEKLY

June 10, 2021

Remember to check our website for important dates and my blog!

Parents,

Wow, I'm sure we all can agree when I say this has been a year we will never forget!! Thank you so much for all your understanding and flexibility throughout the year! We made it! Even with everything we went through, I still cannot believe how fast this year has flown by! I am so proud of our class. They have shown so much growth, both academically and socially this year. After spending nine months together virtually and in-person, I have grown close with each and every student. They all have a special place in my heart. We have so many wonderful memories together! Be sure to check our website for some fun end of the year photos!

I hope you all have a wonderful summer filled with fun and adventures. I also hope your summer is filled with learning! Please read with your child and continue to build automaticity with those math facts. Dreambox, eSpark, and Raz-Kids are available all summer. Also, use your child's Spring NWEA Score (included in this folder) to practice skills at his/her level on our NWEA Site (link is on our class webpage). Students will keep their iPads over the summer. Use it for learning!!! Thank you so much for a wonderful year!

Students,

You're a very special person and I wanted you to know, how much I loved to be your teacher and how fast the year did go! Please come back to visit me as through the grades you grow, try hard to learn all that you can, there is so much to know. The one thing I tried to teach you, to last your whole life through, is to know that you are special, just because you are you!!

You have taught me so much this year and I am so glad to have had you in my class. You are a **VERY** special person and I know you will grow up to do great things! Always remember your times in first grade!

Next Week's Word Study

Summer Vacation!!

Master all sight words through Unit 6 if you have not yet done so!

Team Stefani M.V.P.

Have a great vacation!!
