

# STEFANI WEEKLY

Go Team Stefani!!!

Sept. 17, 2021

Remember to check our website for important dates and my blog!

## Reading:

In reading we began Unit 1 of our reading series. We focused on the strategy of visualizing and the skill of identifying key details. We practiced words that have the short a sound.

We also learned about Constitution Day!

We practiced reading the following high frequency words. Review reading these words at home: does, not, school, what, that, ask.

## Teacher's Corner:

Math homework is the black and white page that says "Homework" on the front and "Remembering" on the back. Be sure to check your child's daily folder every day to see if there is homework for that day!!

Please continue to support me by discussing rules and expectations at school. Now that we have finished the 3<sup>rd</sup> week of school, we have started to develop a more consistent routine. Students still need many reminders of expected behavior though, so any reminders are appreciated 😊

Below are the words we will focus on next week (9/20-9/24). Remember, your child is expected to spell these words from memory and read them. Be sure to work with your child at home over the weekend/throughout the week! I will be sure to let you know when we will begin spelling tests – not yet!

Our Open House is Wednesday, the 29<sup>th</sup> at 6:30pm. It will be virtual and will be through Microsoft Teams. More info to come soon!

## Math:

This week we are focusing on finding partners of numbers to 10. Partners or addends, are 2 numbers that add up to the given number. We are using number bonds, counters, cubes, and 5 groups to help us identify different partners. We also learned about switch partners (also known as the commutative property) where we can change the order of the addends and the sum remains the same ( $2+3=5$  and  $3+2=5$ ).
