

Fourth Grade Parents,

Welcome back to a new school year! I hope you had a wonderful summer and are ready for a great year here at Graebner! Fourth grade will be a fun year in which your child will learn many new things.

My name is Jennifer Winiarski, and I am excited to be teaching back at Graebner this year. Your child may remember me from two years ago when I was his/her ISM teacher at this school.

I graduated from Oakland University with my Bachelor's in Elementary Education. I majored in math and language arts! I am currently working on my Master's from Saginaw Valley State University in Instructional Technology. I am a big technology person and am always looking for ways to incorporate it into the classroom to enhance your child's learning!

All my teaching experience has been in the Utica district, rest assured I am familiar with how Utica schools run. I have taught ISM (math) at two different schools and have a great deal of experience with all grade levels. I can say that math is my favorite subject and I have many ideas and resources to make math fun!

At our Open House on Thursday, September 20th at 7:30 p.m., you will see that I have a sport-themed room. Our class is a team as we focus on teamwork, being a team player, having good sportsmanship with positive communication and doing our personal best.

With that said, I am a fan of all sports! I love the Detroit Lions and also love competitive dance (tap, ballet and lyrical). I also enjoy rollerblading, bike riding and listening to music.

Now that you know a little more about me, I am excited to get to know you and your child! Please remember that learning is a partnership between myself, the student and the parent. Working as a team, we will make sure that your child has a successful year in which he/she will become a more responsible, independent individual!! I am always available by phone or email. Please understand that my phone is currently being hooked up so as soon as I have the extension, I will get it to you :)

Looking forward to meeting you Thursday, September 20th!!

Feel free to check out our classroom website at: <http://teamwiniarski.weebly.com>. I just created our site so please check back often for new posts, pages and resources!

Sincerely,

Ms. Winiarski
